Officially, it is reported that the ling is "severely bruised," but it also announced that he is unable to leave! his bed, and it is feared he may develop serious complications.

"Anthony Bowlby," Because of the scant information available to the public, fears have arisen. The king is still in France, presumably in the hospital, where he was taken after his mishap. The exact nature of his injuries has not been made known, but from the fact that his horse reared, it is inferred that the animal may have fallen

The following day, the king with the prince of Wales, President Poincare and the then French war minister, Alexandre Millerande, reviewed the British troops. He then called on General Joffre, and witnessed a review of French colonial troops. The place where the accident occurred is not given in the brief, for mal statement which the press bureau issued twenty-four hours aften

## For President Judge

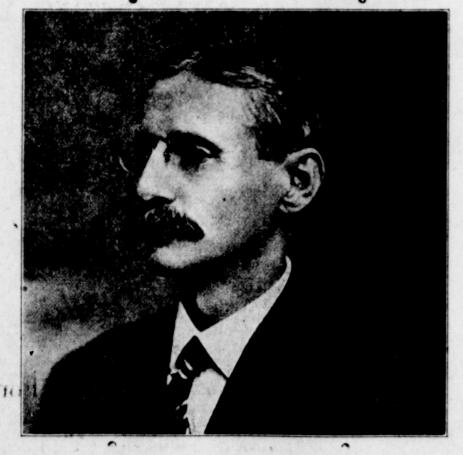

J. L. BUTT, Esq.,

OF GETTYSBURG

## To the Voters of Adams and Fulton Counties:

In the selection of a man for President Judge of this 51st Judicial District, you have in J. L. Butt, Esq., a gentleman born and raised on the farm, and at the present time extensively engaged in farming. No one can argue against the statement that a farmer-lawyer is best fitted as a judge to the people of this district, because of the fact that the population is largely made up

of farmers. It is therefore for the country voters to say on Nov. 2nd whether or not they want an associate in their business to also preside over the legal end of their welfare.

Most naturally Mr. Butt solicits the support of his farmer friends, but he also solicits that of every business and professional man in the district. Of practical legal training, his ability as a Jurist is unquestioned.

Mr. Butt's investments have been chiefly in farms, and it has been through this that he has been brought close to the farmer andhis needs. He is a large employer of farm labor, having continuously in his employ from 40 to 80 men, and it is but natural that the farmers of the district give him their hearty support.

Mr. Butt has given you a fair, square answer to the license questions, that he will "impartially and conscientiously" do his duty under the law and the decision of the higher courts. Every voter can understand this. It is the only proper answer that a candidate should give under the law and decisions of the Superior and Supreme Court.

## Flees as Living Torch

Pitladelphia, Oct. 30 .- Mrs. Mary A. Combs, 3625 Kline street, was fatally burned when she poured oil into a coal stove to make the fire burn more quickly. With her clothing aflame she ran through the streets nearly two squares, when a policeman met her. The policeman wrapped his coat about her and succeeded in smothering the flames. He then summoned a patrol wagon and had the woman taken to the University hospital, where she died.

Munition Shortage Halts Germans London, Oct. 30 .- The failure of the Germans to take Dvinsk and Riga is attributed in Petrograd, according to a despatch from that city, not only to the difficult nature of the heavily wooded country, which prohibits mass movements of troops, but to "a German shortage of ammunition, which is said to be becoming critical."
